BOOK OF ME PROJECT

The 'book of me' project ran for 6 weeks and focused on Year 7 girls.

This program was developed by Nicole from Barnardo's, and ran each Thursday. The aim of the program was to develop resiliency and positive self-esteem in girls, including on-going self-reflection.

Throughout the program the girls developed a creative journal which will be a valuable 'active' form of revisiting the ideas addressed in the programs.

I would like to personally thank Nicole for her commitment and expertise in this area, for teaching me the process involved in the program, and to the Year 7 girls who each week embraced the program in a positive manner.

This program will be continued in 2017.
